

AUTHORIZATION FOR RELEASING STUDENT DIRECTORY INFORMATION

If you have no objection to the use of student information, you do not need to take any action.

The Rock Valley Community School District has adopted a policy designed to assure parents and students the full implementation and protection of their rights under the Family Educational Rights and Privacy Act of 1974. A copy of the school district’s policy (506.2) is available for review in the office of the principal of all our schools.

This law requires the school district to designate as “directory information” any personally identifiable information taken from a student’s educational records prior to making such information available to the public.

The school district has designated the following information as directory information: student’s name, address, telephone number, date and place of birth, email address, grade level, enrollment status, major field of study, participation in officially recognized activities and sports; height and weight of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational institution attended by the student, student ID number, user ID or other unique personal identifier, photograph and other likeness and other similar information. Student is defined as an enrolled individual, PK-12 including children in school district sponsored child-care programs. You have the right to refuse the designation of any or all of the categories of personally identifiable information as directory information with respect to your student. Parents who do not want their students’ information released must complete and return the form below.

ROCK VALLEY COMMUNITY SCHOOL DISTRICT

Parental Directions to Withhold Student/Directory Information

Student Name: _____

Grade: _____

Date of Birth: _____

(Signature of Parent/Legal Guardian/Custodian of Child)
