101 EDUCATIONAL PHILOSOPHY AND OBJECTIVES OF THE SCHOOL DISTRICT

As a school corporation of Iowa, the Rock Valley Community School District, acting through its board of directors, is dedicated to promoting an equal opportunity for a quality public education to its students. The board's ability may be limited by the school district's ability and willingness to furnish financial support in cooperation with student's parents and school district community. The board is also dedicated to providing the opportunity to develop a healthy social, intellectual, emotional, and physical self-concept in a learning environment that provides guidance to, and encourages critical thinking in, the students for a lifetime.

The board endeavors, through the dedication of the school district's resources, to encourage students, who come to the school district from a variety of backgrounds, to look forward to the time when they will have jobs, homes, families, places in the school district community, and attain recognition as individuals. In order to achieve this goal, the board will seek qualified employees dedicated to development of their professional skills for the betterment of the education program and for the expertise for educational productivity.

Instruction and curriculum are the key elements of a public education. Critical thinking and problem solving skills that will assist the students' preparation for life is instructed as part of a sequentially coordinated curriculum. The school district strives to prepare students for employment, to discover and nurture creative talent and to prepare them to meet and cope with social change in an atmosphere conducive to learning.

The support and involvement of the home and the school district community are essential to achieve educational excellence in the school district. The school district strives to maintain an active relationship with the home and the school district community to create within the students an awareness of dignity and worth of the individual, civic responsibility and respect for authority.

Philosophy of Education for the Rock Valley Community School District.

We believe:

1. That it is the aim of this school to provide the educational and social environment in which each student may be able to develop his/her abilities.
2. Our school must provide educational opportunities and programs that will produce a healthy, respectful, confident individual ready to accept responsibility and capable of living richly and creatively.
3. The school should take the lead in the intellectual development of the community's youth, but it should solicit the aid of, and collaborate with, other community organizations as well as the homes of students.
4. That no two individuals are alike, and we believe that it is our task, within social and economic limitations to provide adequate educational attention to those individual differences.
5. That if an individual is to be equipped to fit harmoniously within our society, the student must experience more than the academic and social school atmosphere. Therefore, we should provide opportunities for the student to participate in organized activities.
6. Our school should keep abreast of the times in all areas of instruction in order to offer a dynamic educational program.
7. In establishing a positive self-concept in each individual.
8. That the administration and school board are responsible for establishing policy, but that the students, teachers, and community serve in an advisory capacity in the decision-making process.
9. This philosophy should be flexible, and it should be subject to modifications as the times and students change.

Each student attending school will have the opportunity to use its education program and services as a means for self-improvement and individual growth. In so doing, the students are expected to conduct themselves in a manner that assures each student the same educational opportunity.

102.R1 GRIEVANCE PROCEDURE

Students, parents of students, employees, and applicants for employment in the school district will have the right to file a formal complaint alleging discrimination under federal or state regulations requiring non-discrimination in programs and employment.

Level One - Principal, Immediate Supervisor or Personnel Contact Person

Employees with a complaint of discrimination based upon their race, national origin, marital status, color, creed, religion, gender, age, disability, sexual orientation, gender identity or socioeconomic status are encouraged to first discuss it with their immediate supervisor, with the objective of resolving the matter informally. An applicant for employment with a complaint of discrimination based upon their gender, race, national origin, creed, religion, age, sexual orientation, gender identity or disability are encouraged to first discuss it with the personnel contact person. This paragraph is for employees and "marital status" isn't a protected class for employees.

A student, or a parent of a student, with a complaint of discrimination based upon their gender, race, national origin, creed, religion, marital status, sexual orientation, gender identity or disability are encouraged to discuss it with the instructor, counselor, supervisor, building administrator, program administrator or personnel contact person directly involved.

Level Two - Compliance Officer

If the grievance is not resolved at level one and the grievant wishes to pursue the grievance, the grievant may formalize it by filing a complaint in writing on a Grievance Filing Form, which may be obtained from the Compliance Officer. The complaint will state the nature of the grievance and the remedy requested. The filing of the formal, written complaint at level two must be within 15 working days from the date of the event giving rise to the grievance, or from the date the grievant could reasonably become aware of such occurrence. The grievant may request that a meeting concerning the complaint be held with the Compliance Officer. A minor student may be accompanied at that meeting by a parent or guardian. The Compliance Officer will investigate the complaint and attempt to resolve it. A written report from the Compliance Officer regarding action taken will be sent to the involved parties within a reasonable time after receipt of the complaint.

Level Three - Superintendent/Administrator

If the complaint is not resolved at level two, the grievant may appeal it to level three by presenting a written appeal to the superintendent within five working days after the grievant receives the report from the Compliance Officer, the grievant may request a meeting with the Superintendent. The superintendent may request a meeting with the grievant to discuss the appeal. A decision will be rendered by the superintendent within a reasonable time after the receipt of the written appeal. If, in cases of disability grievances at the elementary and secondary level, the issue is not resolved through the grievance process, rather, the parents have a right to an impartial hearing to resolve the issue.

This procedure in no way denies the right of the grievant to file formal complaints with the Iowa Civil Rights Commission, the U.S. Department of Education Office for Civil Rights or Office of Special Education Programs, the Equal Employment Opportunity Commission, or the Iowa Department of Education for mediation or rectification of civil rights grievances, or to seek private counsel for complaints alleging discrimination.

Level Four - Appeal to Board

If the grievant is not satisfied with the superintendent's decision, the grievant can file an appeal with the board within five working days of the decision. It is within the discretion of the board to determine whether it will hear the appeal.

103 LONG-RANGE NEEDS ASSESSMENT

Long-range needs assessment enables the school district to analyze assessment data, get feedback from the community about its expectation of students and determines how well students are meeting student learning goals. The board will conduct ongoing and in-depth needs assessment, soliciting information from business, labor, industry, higher education and community members, regarding their expectations for adequate student preparation.

In conjunction with the in-depth needs assessment of the school district, the board will authorize the appointment of committees, representing administrators, employees, parents, students and community members, to make recommendations and assist the board in determining the priorities of the school district in addition to the basic skills areas of the education program.

The school district will collect and analyze data by developing the following committees:

Quality Support Council (QSC)

The superintendent convenes a council that meets seven times per year. The team is comprised of general education and special education teachers from each building. This group reviews information from Building Leading Teams (BLTs) and collects and analyzes district-level data (e.g., Iowa Youth Survey information, graduation rate, and data from the five-year comprehensive community-wide needs assessment). In addition, information regarding the implementation of actions and activities to support current district goals is collected and analyzed to help identify future student learning and program needs. The QSC ensures that the action plans designed to meet district goals include specific outcomes *for* each activity designed to support the proposed actions. Implementation data on these activities is also collected and analyzed by the QSC. This data, along with implementation data from state and federal programs and services, are incorporated into annual conversations about supports for established student needs, adjustments to actions, programs and services and progress toward district goals.

Building Leadership Team (BLT)

Each building in the district has a BLT that is responsible for the collection and analysis of the data related to its level. Each BLT consists of five teachers, a guidance counselor, and the principal and meets on a bi-monthly basis. Members examine ITBS/ITED item analysis information and frequency data (e.g., the number of special education students and low socioeconomic students scoring at or below the 40th percentile), as well as building specific indicator data (e.g., other grade level assessments, discipline data, graduation rate, referrals to BAT/SAT, and attendance). This information is then shared and discussed with the rest of the building staff during monthly faculty meetings.

Stakeholder Groups

District and building information reviewed by the QSC and BLTs is shared with various Stakeholder Groups, including the Rock Valley school board, Rock Valley School Improvement Advisory Committee district patrons, and various community organizations. This group will meet a minimum of once every five years.

The Stakeholder group studies and discusses data from the QSC and BLT and summarizes the findings. The Stakeholder Group then makes recommendations to the board regarding district-wide prioritized needs, possible adjustments to CSIP goals, and the programs and services provided to students. The Rock Valley school board makes decisions based on these recommendations.

It is the responsibility of the superintendent to ensure the school district community is informed of students' progress on state and locally determined indicators. The superintendent will report annually to the board about the means used to keep the community informed.

As a result of the board and committee's work, the board will determine major educational needs and rank them in priority order; develop long-range goals and plans to meet the educational needs; establish and implement short-range and intermediate-range plans to meet the goals and to attain the desired levels of student performance; evaluate progress toward meeting the goals and maintain a record of progress under the plan that includes

reports of student performance and results of school improvement projects; and annually report the school district's progress made under the plan to the committee, community and Iowa Department of Education.

105 ASSISTANCE ANIMALS

It is the policy of the Rock Valley Community School District to foster an equal education environment for all students, employees and community members within the district. The purpose of this policy is to provide guidance to the district on the proper use of assistance animals while on district property. The district shall allow the use of qualified service animals and assistive animals to accompany individuals with disabilities in all areas of district buildings where the public is normally allowed to go. This can include classrooms, cafeteria and school buses. Individuals with disabilities are people who have a physical or mental impairment that substantially limits one or more major life activities. Service animals are dogs trained to do work or perform tasks for individuals with disabilities. Assistive animals are simians or any other animal specially trained or in the process of being trained to assist a person with a disability.

Service animals and assistive animals must be current on all required vaccinations. Service animals and assistive animals also must be under control while on district grounds. The animal may be under control by either the individual with a disability, or a handler of the service or assistive animal. Under control means harnessed, leashed or tethered, unless these devices interfere with the animal's work, in which case under voice or other directive control.

Establishing the Need for a Service Animal

When no prior notice is given to the district of the use of a service or assistive animal, the Superintendent and/or school administrators are permitted to ask the following questions:

“Do you need/require this animal because of a disability?”

If the animal's trained tasks are not readily apparent, the administrator may ask:

“What work or task has the animal been trained to perform?”

Service and Assistive Animals in training

Assuming the handler and animal are otherwise allowed, individuals who train service and/or assistive animals will also be allowed access with their service animal in training to public areas of district buildings and property. The service or assistive animal in training is expected to abide by the same requirements as a service or assistive animal.

Exclusion of Service and Assistive Animals

In certain limited circumstances, it may be reasonable to exclude the use of a service or assistive animal from district property. The Superintendent is permitted to exclude service and assistive animals from district buildings and property in the following circumstances: The presence of the animal poses a direct threat to the health and safety of others; the owner or handler is unable to control the animal; the animal is not house broken; the presence of the animal significantly disrupts or interferes with the educational process; or the presence of the animal would require a fundamental alteration to the program. If a service animal is properly excluded from district property, the district shall provide the student served by the animal the opportunity to participate in the program, service or activity without having the service animal on district property.

106 DISCRIMINATION AND HARASSMENT BASED ON SEX PROHIBITED

In accordance with Title IX of the Education Amendments Act of 1972, the Rock Valley Community School District prohibits sex discrimination, including sexual harassment as defined by the regulations implementing Title IX (34 C.F.R. § 106.30), against any individual participating in any education program or activity of the District. This prohibition on discrimination applies to students, employees, and applicants for employment.

The Board authorizes the Superintendent to adopt procedures for any individual to report sexual harassment to the District's Title IX Coordinator, for the provision of supportive measures to anyone who has been subjected to sexual harassment whether or not they proceed with a formal complaint under those procedures, and for the investigation and resolution of such complaints, as required by Title IX. This Title IX grievance process shall be used to respond to all complaints of sexual harassment that fall within the scope of Title IX. For complaints of sexual harassment that do not fall within the scope of Title IX, the District may still offer supportive measures to the subject of such conduct and shall apply any other policy or procedure applicable to the alleged conduct.

Any individual with questions about the District's Title IX policy and procedures, or who would like to make a report or file a formal complaint of sex discrimination or sexual harassment may contact the District's designated Title Coordinator Amanda Jorth, 1712 20th Ave, Rock Valley IA, 51247, 712-476-2701 ajorth@rvcsd.org.

Retaliation against a person who made a report or complaint of sexual harassment, assisted, or participated in any manner in an investigation or resolution of a sexual harassment report or complaint is strictly prohibited. Retaliation includes threats, coercion, discrimination, intimidation, reprisals, and/or adverse actions related to employment or education. Any individual who believed they have been retaliated against in violation of this Policy should immediately contact the District's Title IX Coordinator.
